

New in The Library

The new book *October, October* has won the Yoto Carnegie Medal and the Shadow's Choice Award and is available to borrow from our Library.

The **Yoto Carnegie Medal** is awarded to Katya Balen for her second novel [October, October](#) illustrated by Angela Harding. *October, October* is a "beautiful" and "captivating" story of a girl, October, who must learn to spread her wings after a childhood spent living wild in the woods changes dramatically the year she turns 11. The story was inspired by Balen's father-in-law who lives off-grid, and her own love of mudlarking and the outdoors.
