Accessibility Plan

September 2025 – 2028

Caister Academy

1. Purpose

The purpose of this plan is to show how Caister Academy intends, over time, to increase the accessibility of our school for disabled pupils. Caister Academy is committed to providing an environment that enables curriculum access that values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs.

2. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which pupils with disabilities can participate in the curriculum
- Improve the physical environment of the school to enable pupils with disabilities to take better advantage of education, benefits, facilities, and services provided
- Improve the availability of accessible information to pupils with disabilities

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind. The plan will be made available online on the school website, and paper copies are available upon request from Reception.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan. The academy works with the Local Offer in Norfolk to support pupils with a disability. Caister Academy have completed the IPSEF for Norfolk County Council and undertaking INDES assessment for individual pupils with a disability to support needs assessment and funding applications. Additionally, the school has a Service Level Agreement with CEPP to support assessment of need.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, the complaints procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including pupils, parents, and governors.

3. Legislation and Guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on their ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments, such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a pupil with disabilities faces in comparison with a pupil without disabilities. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

The Accessibility Plan should be read in conjunction with the following school policies:

- SEND Policy
- SEND Information Report
- Behaviour for Learning Policy

4. Action Plan

This action plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010.
