## **How do we manage pupils without the appropriate kit?**

Caister Academy pupils are expected to attend school with the appropriate equipment, kit and uniform for all of their lessons. Pupils without the appropriate equipment, kit or uniform cannot fully participate in their learning, thus jeopardising their chance of achieving their potential.

### **Process for pupils without PE kit:**

#### **You are unable to send your child to school with the appropriate kit:**

- Please write a note for your child to show to their teacher.
- The Head of Year will call home to see if any support is required.

#### **First instance of not being in the appropriate kit without a note:**

- The student will be expected to participate in lesson, where appropriate.
- A C1 will be recorded on Go4Schools.
- If the student has no kit or refuses to participate in the lesson, a C2 will be recorded on Go4Schools.
- The member of PE staff will arrange for a break, lunch or afterschool reflection that will last between 15 and 30 minutes.
- A member of PE staff will call home to identify a reason, check understanding of expectations and see if any support is required.

#### **Future instance of not being in the appropriate kit without a note:**

- A C2 will be recorded on Go4Schools
- The member of PE staff will arrange for a break, lunch or afterschool reflection that will last between 15 and 30 minutes.
- The member of staff or the Head of Year will call home to identify a reason, check understanding of expectations and see if any support is required.

#### **Frequently not being in the appropriate kit without a note:**

- The Head of Year will call home to invite parents/carers to a meeting to discuss the repeated lack of kit and resolve any issues.

**Failing to attend PE department reflection will be recorded on Go4Schools. A C3 will be arranged with the Behavior Team and completed in Reflection.**

**Pupils who are not participating in PE lessons are still required to get changed into their PE kit unless medical evidence does not support this.**
