

Raising your Achievement in Year 11 : Mathematics

What have we studied in Year 10?

- Number
- Algebra
- Geometry
- Probability and Statistics
- Ratio & Proportion

What will we be learning in Year 11?

- Progress the units studied in Year 10
- Exam management and technique to help you achieve your potential.

We will offer the following support...

- After school intervention classes
- 1 to 1 break/lunch support
- Topic specific revision classes
- Walking talking mocks in preparation for mock exams
- Online support through websites like PinPoint

We recommend the following revision guides or websites...

<https://vle.mathswatch.co.uk>

<https://corbettmaths.com>

<https://www.pinpointlearning.co.uk>

www.mathsgenie.co.uk

<https://www.mymaths.co.uk>

Quick tips to boost your achievement

1. Take ownership of your learning, get involved and ask questions.
2. Plan to revise the day's work before the end of your day; even 15 minutes before bedtime can make a real difference.
3. Complete homework tasks to a high standard - it may be a way to revise.
4. Treat every assessment as if it was an exam; if you show your best, we can help you do better.
5. Believe in yourself! Don't give up and remember that your teachers are here for you.
